WHY FILM IN
ROMANIA

Romania is a beautiful country with diverse forms of relief and great iconic landmarks.

The teams are professional, for the same budget you will receive extra value compared with other European countries.

Last year the Romanian government approved a 35% tax rebate(can go up to 45%) which has proven to be very successful, 28 projects received the green light in 2018, more to follow in 2019.
